EMERGENCY OVERVIEW

Appearance: white tablets.

Warning! Harmful in contact with skin and if swallowed. Causes severe eye irritation. Eye contact may result in permanent eye damage. May cause allergic skin reaction. May cause skin and respiratory tract irritation. May cause central nervous system effects. Very toxic to aquatic organisms.

Target Organs: Kidneys, central nervous system, eyes, skin.

Potential Health Effects

Eye: Causes severe eye irritation. Risk of serious damage to eyes.

Skin: May cause skin irritation. Harmful if absorbed through the skin. May cause skin sensitization, an allergic reaction, which becomes evident upon re-exposure to this material. Phenol derivatives may be absorbed through the skin producing headache, dizziness, dimness of vision, ringing in the ears, irregular breathing, and weakness.

Ingestion: Harmful if swallowed. May cause irritation of the digestive tract. May cause central nervous system effects.

Inhalation: May cause respiratory tract irritation. May be harmful if inhaled. Phenol derivatives may be absorbed from the lungs producing headache, dizziness, dimness of vision, ringing in the ears, irregular breathing, and weakness. May cause pulmonary edema.

Chronic: Repeated or prolonged exposure may cause allergic reactions in sensitive individuals. May cause kidney damage. Systemic effects are presumably like

Section 4 - First Aid Measures

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical aid immediately.

Skin: Get medical aid. Immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes.

Ingestion: Do not induce vomiting. Get medical aid immediately. Call a poison control center.

Inhalation: Remove from exposure and move to fresh air immediately. If breathing is difficult, give oxygen. Get medical aid. Do not use mouth-to-mouth resuscitation if victim ingested or inhaled the substance; induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device.

Notes to Physician: Treat symptomatically and supportively.

Section 5 - Fire Fighting Measures

General Information: As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear.
