*Criminal Justice System.* Hooper, Michael

The Criminal Justice System, formerly titled Criminal Justice, covers the most important aspects of The Criminal Justice System in the United States, including individual crimes, broad issues of law enforcement, prosecution, and punishment of wrongdoers.

*World View of Criminal Justice.* Volger, Richard

This book addresses such issues by bringing together a huge range of historical and contemporary research on criminal justice in Europe, Asia, Africa, Australasia and the Americas.

*Doing Probation Work: Identity in a Criminal Justice Occupation.*

Mawby, Rob

A great deal has been written about the political, policy and practice changes that have shaped probation work but little has been written on the changes to occupational cultures and the ways in which probation workers themselves view their role. This book fills that gap by exploring the meaning of 'doing probation work' from the perspective of probation workers themselves.

*Introduction to Criminal Justice.* Lawrence Travis

Offers a student-friendly description of the criminal justice process—outlining the decisions, practices, people, and issues involved.

*New Criminal Justice Thinking.* Dolovich, Sharon

The New Criminal Justice Thinking addresses the challenges of this historic moment by asking essential theoretical and practical questions about how the criminal system operates.
