Early Childhood Education: History, Theory and Practice. Morgan, Harry

Harry Morgan lays the foundations of what early childhood education is by integrating the history of the field with the philosophy and theories behind this discipline.

Early Childhood Education: Yesterday, Today and Tomorrow. Krogh, Suzanne

Early Childhood Education examines foundational topics that encourage early childhood education students to think, reflect, and develop opinions, theories, and philosophies about their field.

The Great Disconnect in Early Childhood Education. O'Donoghue, Kieran

This book analyzes how ineffective practices are driven by unexamined public policies and why educators need to challenge their thinking in order to make a difference in children's lives.

Kindergarten Readiness. Cappelloni, Nancy

It's a ready guidebook to help you equip our youngest students for formal schooling. Covering everything from involving parents to creating developmentally appropriate curriculum.

Learning Together with Young Children. Carter, Margie

Offering an alternative approach to standardization and data-driven mandates, this book puts children at the center of planning your curriculum.
