Social Work: Practices, Perceptions and Challenges. Rogers, Helen
This book presents a practice model for psychotherapy in which a clinician teaches a client how to think about feelings that are part of the emotional distress involved in the problem being discussed.

The Future of Social Work: Seven Pillars of Practice. Mohan, Brij
Social media and the digital revolution have fundamentally changed the meaning of "social" and "work." Social work, like all other professions, will undergo dramatic changes as apps and algorithms overtake human operations. The failure of social sciences in general and social work in particular warrants thoughtful innovations that ensure sustainable services.

New Theories for Social Work Practice. O'Donoghue, Kieran
Exploring the challenges currently being faced within social work, it shows new ways social workers can conceptualize and respond to these issues.

Professional Writing for Social Work Practice. Weisman, Daniel
This invaluable guide helps social workers develop the writing skills necessary for a successful career. Actual examples drawn from all arenas of social work demonstrate strong and problematic writing.

Social Work Values and Ethics. Reamer, Frederic
A case-driven, concise, and comprehensive textbook for undergraduate and graduate social work programs, this book surveys the most critical issues for social work practitioners.
